BY FEBRUARY 22, 2020”
\$800

“Fundamentals of Central Service”

If you are looking for a new career that helps others and are up for a challenge, then the Sterile Processing field is the place for you. This course will prepare students for entry level employment in the sterile processing field and for the National Certification Exam (CBSPD or IAHCMM).

This course also serves as a refresher course for existing technicians or new managers.

This five (5) week course introduces students to the scientific principles and basics of Central Service. This is a combined lecture and power point presentation.

You will acquire the knowledge, skills and understanding which are needed to perform the job responsibilities in hospitals, surgical centers, clinics, dental offices and veterinary offices, which play a vital role in these facilities.

Upon completion of this program, you will be better prepared to enter this exciting and rewarding career.

“NOTE”

If you are licensed by the New Jersey Department of Health & Senior Services (NJDOHSS) or Accredited by the Joint Commission, AAAHC or AAAASF or surveyed by CMS, staff working in sterile processing are “required” to be certified.

Faculty

Al Spath Jr, MPA, BA
CHL, CRCST, CSPDT
IAHCMM Instructor & Consultant
